SECTION 4. That if any person shall hereafter persuade, or advise, any person or persons deprived of citizenship, and disqualified as aforesaid, to offer any ballot, or ballots, to the officers of any election hereafter to be held in this Commonwealth, or shall persuade, or advise, any such officers to receive any ballot, or ballots, from any person deprived of citizenship, and disqualified as aforesaid, such person, so offending, shall be guilty of a misdemeanor, and upon conviction thereof, in any court of quarter sessions of this Commonwealth, shall be punished in like manner as is provided in the second section of this act, in the case of officers of such election receiving such unlawful ballot or ballots.*

By the 16th section Registry Law approved the 17th day of April, A. D. 1869, it is directed that "At all the elections hereafter held under the laws of this Commonwealth, the polls shall be opened between the hours of six and seven o'clock, A. M., and close at seven o'clock, P. M.

ALSO—In and by virtue of the 14th section of the act of Feb. 27th, 1849, every person, excepting Justices of the Peace, who shall hold any office or appointment of profit or trust under the legislative, executive or judiciary department of this State, or of the United States, or any city or incorporated district, and also that every member of Congress and of the State Legislature, and of the Select or Common Council of any City or Commissioner of any incorporated district, is by law incapable of holding or exercising at the same time, the office or appointment of Judge, Inspector, or Clerk of any election of this Commonwealth, and that no Judge, Inspector, or other officer of any such election, shall be eligible to any office to be then voted for.

ALSO—That in the fourth section of the Act of Assembly entitled "An Act relating to executions, and for other purposes," approved April 16th, 1840, it is enacted that the aforesaid 14th section "shall not be so construed, as to prevent any militia officer or borough officer from serving as judge, inspector or clerk, at any general or special election in this Commonwealth."

And be it further directed, in and by the Act of the General Assembly of this State, aforesaid, that one of the Judges of each of the different districts aforesaid, who shall have the charge of the certificates of the number of votes which shall have been given for each candidate for the different offices then and there voted for at their respective districts, shall meet the third day, after the election, which shall be on FRIDAY THE 15th OF OCTOBER aforesaid, at the Court-house, in the borough of Gettysburg, then and there to make a fair statement and certificate of the number of votes which shall have been given at the different districts in the county of Adams for any persons for the offices aforesaid.

PHILIP HANN, Sheriff.

Sheriff's office, Gettysburg, Sept. 17, 1869.

*Election officers will take notice that the act entitled "A Further Supplement to the Election Laws of this Commonwealth," disqualifying deserters from the army of the United States from voting has recently been declared unconstitutional by the Supreme Court of Pennsylvania, except so far as it disqualifies from voting persons duly tried and convicted of desertion, and is now null and void with said exception, and that all persons formerly disqualified thereunder with the exception named, are now lawful voters, if otherwise qualified.

REGISTRY ACT OF 17TH APRIL, 1869.

ALSO,—The following sections of the new Registry Law, applicable between this and the Second Tuesday of October.

SEC. 3. After the assessments have been completed on the tenth day preceding the second Tuesday in October of each year, the assessor shall, on the Monday immediately following, make a return to the county commissioners of the names of all persons assessed by him since the return required to be made by him by the second section of this act, noting opposite each name the observations and explanations required to be noted as aforesaid; and the county commissioners shall thereupon cause the same to be added to the return required by the second section of this act, and a full and correct copy thereof to be made, containing the names of all persons so returned as resident taxables in said ward, borough, township or precinct, and furnish the same together with the necessary election blanks, to the officers of the election in said ward, borough, township or precinct, on or before six o'clock on the morning of the second Tuesday of October; and no man shall be permitted to vote at the election on that day whose name is not on said list, unless he shall make proof of his right to vote, as hereinafter required.

SEC. 4. On the day of the election any person whose name is not on said list, and claiming the right to vote at said election, shall produce at least one qualified voter of the district as a witness to the residence of the claimant in the district in which he claims to be a voter, for the period of at least ten days next preceding said election, which witness shall take and subscribe a written, or partly written and partly printed affidavit to the fact stated by him, which affidavit shall define nearly where the residence is of the person so claiming to be a voter; and the person so claiming the right to vote shall also take and subscribe a written, or partly written and partly printed affidavit, stating to the best of his knowledge and belief, where and when he was born; that he is a citizen of the Commonwealth of Pennsylvania and of the United States; that he has resided in the Commonwealth one year, or if formerly a citizen therein and has moved therefrom, that he has resided therein six months next preceding said election; that he has not moved into the district for the purpose of voting therein; that he has paid a State and county tax within two years, which was assessed at least ten days before said election; and, if a naturalized citizen, shall also state when, where and by what court he was naturalized, and shall also produce his certificate of naturalization for examination; the said affidavit shall state when and where the tax claimed to be paid by the affiant was assessed, and when, where and to whom paid; and the tax receipt therefore shall be produced for examination, unless the affiant shall state in his affidavit that it has been lost or destroyed, or that he never received any; but if the person so claiming the right to vote shall take and subscribe an affidavit, that he is a native born citizen of the United States, (or if born elsewhere, shall state that fact in his affidavit, or that he is entitled to citizenship by reason of his father's naturalization;) and shall further state in his affidavit that he is, at the time of taking the affidavit, between the ages of twenty-one and twenty-two years, that he has resided in the State one year and in the election district ten days next preceding such election, he shall be entitled to vote, although he shall not have paid taxes; the said affidavits of all persons making such claims, and the affidavits of the witnesses to their residence, shall be preserved by the election board, and at the close of the election they shall be enclosed with the list of voters, tally list and other papers required by law to be filed by the return judge with the prothonotary, and shall remain on file therewith in the prothonotary's office, subject to examination, as other election papers are, if the election officers shall find that the applicant or applicants possess all the legal qualifications of voters, he or they shall be permitted to vote, and the name or names shall be added to the list of taxables by the election officers, the word "tax" being added where the claimant claims to vote on tax, and the word 'age,' where he claims to vote on age; the same words being added by the clerks in each case respectively, on the lists of persons voting at such election.

SEC. 5. It shall be lawful for a qualified citizen of the district, notwithstanding the name of the proposed voter is contained on the list of resident taxables, to challenge the vote of such persons, whereupon the same proof of the right of suffrage as is now required by law shall be publicly made and acted on by the election board, and the vote admitted or rejected, according to the evidence; every person claiming to be a naturalized citizen shall be required to produce his naturalization certificate at the election before voting, except where he has been for ten years, consecutively, a voter in the district in which he offers his vote; and on the vote of such person being received, it shall be the duty of the election officers to write or stamp on such certificate the word "voted," with the month and year; and if any election officer or officers shall receive a second vote on the same day, by virtue of the same certificate, except where sons are entitled to vote by virtue of the naturalization of their fathers, they and the person who shall offer such second vote, upon so offending, shall be guilty of a high misdemeanor, and on conviction thereof, be fined or imprisoned, or both, at the discretion of the court; the fine shall not exceed one hundred dollars in each case, nor the imprisonment one year; the like punishment shall be inflicted on conviction of the officers of election who shall neglect, or refuse to make, or cause to be made, the endorsement required, as aforesaid, on said naturalization certificate.

SEC. 6. If any election officer shall refuse or neglect to require such proof of the right of suffrage as is prescribed by this law, to the laws which this is a supplement, from any person offering to vote whose name is not on the list of assessed voters, or whose right to vote is challenged by any qualified voter present, and shall admit such person to vote without requiring such proof, every person so offending shall upon conviction, be guilty of a high misdemeanor, and shall be sentenced, for every such offence, to pay a fine not exceeding one hundred dollars, or to undergo an imprisonment not more than one year, or either or both, at the discretion of the court.

SEC. 7. Ten days preceding every election for electors of President and Vice-President of the United States, it shall be the duty of the assessor to attend at the place fixed by law for holding the election in each election district, and then and there hear all applications of persons whose names have been omitted from the list of assessed voters, and who claim the right to vote, or whose rights have originated since the same was made out, and shall add the names of persons thereto as shall show that they are entitled to the right of suffrage in such district, on the personal application of the claimant only, and forthwith assess him with the proper tax. After completing the list, a copy thereof shall be placed on the door of or on the house where the election is to be held, at least eight days before the election; and at the election the same course shall be pursued, in all respects, as is required by this act and the acts to which it is a supplement, at the general election in October. The assessor shall also make the same returns to the county commissioners of all assessments made by virtue of this section; and the county commissioners shall furnish copies thereof to the election officers in each district, in like manner in all respect as required at the general election in October.

SEC. 8. The same rules and regulations shall apply at every special election and at every separate city, borough or ward election, in all respects, as at the general election in October.

SEC. 9. The respective assessors, inspectors and judges of the elections shall each have the power to administer oaths to any person claiming the right to be assessed or the right of suffrage, or in regard to any other matter or thing required to be done or inquired into by any person in relation to any matter or thing concerning which they shall be lawfully interrogated by any of said officers, shall be punished as perjury.

SEC. 10. The assessors shall each receive the same compensation for the time necessarily spent in performing the duties hereby enjoined as is provided by law for the performance of their other duties, to be paid by the county commissioners as in other cases; and it shall not be lawful for any assessor to assess a tax against any person whatever within ten days next preceding the election to be held on the second Tuesday of October, in any year, or within ten days next before any election for electors of President and Vice President of the United States; any violation of this provision shall be a misdemeanor, and subject the officers so offending to a fine, on conviction, not exceeding one hundred dollars, or to imprisonment not exceeding three months, or both, at the discretion of the court.

SEC. 11. On the petition of five or more citizens of the county, stating under oath that they verily believe that frauds will be practiced at the election about to be held, in any district, it shall be the duty of the court of common pleas of said county, if in session, or if not, a judge thereof in vacation, to appoint two judicious, sober and intelligent citizens of the county, to act as overseers of said election, said overseers shall be selected from different political parties, where the inspectors belong to the different parties, and where both of said inspectors belong to the same political party, both of the overseers shall be taken from the opposite political party; said overseers shall have the right to be present with the officers of the election during the whole time the same is held, the voters counted, and the returns made out and signed by the election officers; to keep a list of voters, if they see proper to challenge any person offering a vote, and interrogate him and his witnesses, under oath, in regard to his right of suffrage at said election and to examine his papers produced; and the officers of said election are required to afford to said overseers so selected and appointed every convenience and facility for the discharge of their duties; and if said election officers shall refuse to permit said overseers to be present and perform their duties as aforesaid, or if they shall be driven away from the polls by violence or intimidation, all the votes polled at such election district may be rejected by any tribunal trying any contest under said election: Provided,—That no person signing the petition shall be appointed an overseer.

SEC. 12. If any prothonotary, clerk, or the deputy of either, or any other person, shall affix the seal of office to any naturalization paper, or permit the same to be affixed, or given out, or cause or permit the same to be given out, in blank, whereby it may be fraudulently used, or furnish a naturalization certificate to any person who shall not have been duly examined and sworn in open court, in the presence of some of the judges thereof, according to the act of Congress, or shall aid in, connive at, or in any way permit the issue of any fraudulent naturalization certificate, he shall be guilty of a high misdemeanor; or if any one shall fraudulently use any such certificate of naturalization, knowing that it was fraudulently issued, or shall vote, or attempt to vote thereon, or if any one shall vote, or attempt to vote, on any certificate of naturalization not issued to him, he shall be guilty of a high misdemeanor; and either or any of the persons, their aiders or abettors, guilty of either of the misdemeanors aforesaid, shall, on conviction, be fined in a sum not exceeding one thousand dollars, and imprisoned in the proper penitentiary for a period not exceeding three years.

SEC. 13. Any person who on oath or affirmation, in or before any court in this State, or officers authorized to administer oaths shall, to procure a certificate of naturalization, for himself or any other person, wilfully depose, declare or affirm any matter of fact, knowing the same to be false, or shall in like manner deny any matter or fact, knowing the same to be true, shall be deemed guilty of perjury; and any certificate of naturalization issued in pursuance of any such deposition, declaration, or affirmation shall be null and void; and it shall be the duty of the court issuing the same, upon proof being made before it that it was fraudulently obtained, to take immediate measures for recalling the same for cancellation; and any person who shall vote, or attempt to vote, on any paper so obtained, or who shall in any way aid in, connive at, or have any agency whatever in the issue, circulation or use of any fraudulent naturalization certificate, shall be deemed guilty of misdemeanor, and, upon conviction therefore, shall undergo an imprisonment in the penitentiary for not more than two years, and pay a fine, not more than one thousand dollars, for every such offence, or either or both, at the discretion of the court.

SEC. 14. Any assessor, election officer or person appointed as an overseer, who shall neglect or refuse to perform any duty enjoined by this act, without reasonable or legal cause, shall be subject to a penalty of one hundred dollars; and if any assessor shall assess any person as a voter who is not qualified, or refuse to assess any person who is qualified, he shall be guilty of a misdemeanor in office, and on conviction be punished by fine or imprisonment, and also be subject to an action for damages by the party aggrieved; and if any person shall fraudulently alter, add to, deface or destroy any list of voters, made out as directed by this act, or tear down or remove the same from the place where it has been fixed, with fraudulent or mischievous intent or for any improper purpose, the person so offending shall be guilty of a high misdemeanor, and on conviction shall be punished by a fine not exceeding five hundred dollars, or imprisonment not exceeding two years, or both, at the discretion of the court.

SEC. 15. All elections for the city, ward, borough, township and election officers shall hereafter be held on the second Tuesday of October, subject to all the provisions of the law regulating the election of such officers not inconsistent with this act; the persons elected to such offices at that time shall take their places at the expiration of the terms of the persons holding the same at the time of such election; but no election for the office of assessor or assistant assessor shall be held under this act until the year one thousand eight hundred and seventy.

SEC. 16. At all elections hereafter held, under the laws of this commonwealth, the polls shall by opened between the hours of six and seven o'clock, A. M., and be closed at seven o'clock P. M.

SEC. 17. It shall be the duty of the Secretary of the commonwealth to prepare forms for all the blanks made necessary by this act, and furnish copies of the same to county commissioners of the several counties of the commonwealth; and, the county commissioners of each county shall, as soon as may be necessary after the receipt of the same, at the proper expense of the county, procure and furnish to all the election officials of the election districts of their respective counties copies of such blanks, in such quantities as may be rendered necessary for the discharge of their duties under this act.

SEC. 18. None of the foregoing provisions of this act shall apply to the city of Philadelphia, excepting sections twelve and thirteen.

SEC. 19. The citizens of this State temporarily in the service of the State or of the United States governments, on clerical or other duty, and who do not vote where thus employed, shall not be thereby deprived of the right to vote in their several election districts, if otherwise duly qualified.

SEC. 20. The act entitled "A further supplement to the act relating to the elections of this Commonwealth," approved April fourth, Anno Domini one thousand eight hundred and sixty-eight, and all other laws altered or supplied by this act, be and the same are hereby repealed.

AUTUMN.

Let poets, in harmonious strains,
The *vernal* season proudly praise
And sing of April's genial rains—
Of May's mild sun's reviving rays;—
You "wake to ecstacy the lyre"
When Summer's cooling rains and breath,
With aromatic groves, conspire
T' allay the fiery plagues of death.
But equinoctial winds of *Fall*,
And withered leaves before them driven—
That change "this dark terrestrial ball"
Into an ante room of heaven,
Seek not the "sphere descended" muse
To strike the living lyre, when God
Thus calls, thro' Autumn's golden hues,
The immortal soul to wear the sod.

HARRISBURG, Sept., 1869.

IT is easy to equal any fancy bred cow with a native as a milker; but if the daughter of the native is as good a cow, it is an accident; not so if thoroughbred stock.

ALL plants grow stronger and ripen better when the air circulates freely around them, and the sun is not prevented from an immediate influence.

WHEN you hear a man say "Life is but a dream," tread on his corns and wake him up. Life is real.

THE poorest use a man can put time and talent to is to waste them in chasing a lie to see who told it.

A TRIP TO PRESBYTERY.

BY REV. FRED. H. WINES.

Perhaps you never attended a meeting of presbytery. Then there is one pleasure which you have not experienced. But for the word presbytery substitute conference, or association, or convention, and the pleasure will be equally great. Do you think that any assembly of earnest Christian men, and especially of clergymen, must be a solemn, gloomy affair, smelling of the tomb? What a mistake! Why, no man is prepared to enjoy this life who is not sure of happiness in that to come; and of all men upon earth none are more innocently or genially hilarious, when they come together, than our clergy. Their parish duties cultivate the social faculty, and at the same time lift the veil which covers the pathos and the humor of domestic life; their consciences are ordinarily at rest; and the result is good fellowship.

We leave home, in the spring, with hearts full of sympathy with reviving, rejoicing Nature; in the fall, with hearts full of joy at the sight of the harvest, which typifies the final ingathering of souls into the Redeemer's garden. Seated by the side of an elder, in a homely carriage, or gathered in a group upon the deck of a steamboat, or in a corner of a railroad car, we make our way to the appointed redezvous. What shaking of hands, as we meet! What inquiries after the health of our families and the condition of our churches! What turkeys, and custards, and pies, and pickles, and preserves, what snowy biscuits and aromatic coffee, on the tables of our too hospitable hosts! What clouds of vile tobacco smoke, after meals! What melting prayer-meetings, and pungent sermons, and often, on the Sabbath, what joyful communion seasons! No wonder that our Methodist brethren are moving for lay representation in conference.

And the stories that are told by blazing firesides and on open porches! It is a marvel of providential love and care that ministers ever return to their charges alive—or, to say the least, entire.

There is the turkey story, told by an old sailor, once a drunkard, but for many years a consistent, humble Christian, of childlike faith—a mighty Nimrod, who, at the last meeting of the presbytery, thought that he would take his gun and, if possible, secure a wild goose for his favorite among the ministers present. Unsuccessful for a long time, he fell at last upon his knees, and besought the God who presides over the fall of a sparrow to aid him in his search for game; then rose in time to see a flock circling in the air above him. Bang! bang! "And now, Lord, I beseech thee give me one for my pastor." No sooner said than the flock wheeled about, and came a second time in range. "And now, O Lord, thou knowest that I would like one for myself." A third shot; and, with his three geese thrown over his shoulder, the happy man hurries back to town, and arrives just ten minutes after Mr. B.'s departure. The story he tells himself, sitting at the head of his own table.

The same man adds another incident—less ludicrous and more touching, as stories of children always are—to illustrate the power of prayer. A little girl—blue-eyed, golden-haired, her mother's idol—lost her bonnet in the yard and could not find it. After a long but ineffectual search, her mother said to her: "If you do not find that bonnet in ten minutes, I will punish you." In despair, the child left the house. In a secluded spot, under the shadow of an apple-tree, she lifted up her heart and her voice to that Almighty Friend whose presence and love she never doubted. She begged the Lord Jesus to help her find her bonnet; then went directly to the spot where she had dropped it, and rushed back to her mother, crying with all her childish might: "Mamma, mamma, Jesus found my bonnet! Jesus found my bonnet!"

Another story of a child. One of our ministers, a man of wealth and culture, was visiting at the house of a well-known resident on the banks of the Hudson River, when the little son of his host came into the library, bearing in his hand a wild-flower, which he had plucked in the woods upon the hillside. The father responded to his question, "Is it not beautiful?" with earnest, tender sympathy: "It is, indeed, beautiful, my son. And how wonderful it is that God should create such beauty in spots never or rarely trodden by the foot of man, nor looked upon by any human eye! Why is this? Because God himself takes delight in the beauty with which he has adorned the world. If this lovely flower had faded and perished where you found it, and no one had ever rejoiced in its fragrance and its grace, God would have seen it; and would not that be enough, my son?" And then he added: "So in our hearts there are thoughts and feelings, desire and purposes, which no one but God knows or sees; and God takes greater delight in pure and noble thoughts than in flowers or shells or gems. Be pure, be noble, not for the sake of the praise of men, but because the eye of God is ever upon you."

This led to the repetition of a lesson of different character, given by a presiding elder of the Methodist Episcopal Church—a quaint genius, the first chaplain of that regiment commanded by Gen. Grant in the early days of the late war, who resigned his chaplaincy, in his own words, because he "had not piety enough to fill the position." He has a son, who inherits his father's love for whatever is comic; this son returned from school a few months since with a report of scholarship below the average. "Well," said his father, "you've fallen behind this month, have you?" "Yes, sir." "How did that happen?" "Don't know, sir." The father knew, if the son did not. He had observed a number of dime novels scattered about the house; but had not thought it worth while to say anything until a fitting opportunity should offer itself. A basket of apples stood upon the floor. And he said: "Empty out those apples, and take the basket and bring it to me half full of chips." Suspecting nothing, the son obeyed. "And now," he continued, "put those apples back in the basket." When half the apples were replaced, the son said: "Father, they roll off. I can't put in any more." "Put 'em in! put 'em in, I tell you." "But, father, I can't put them in." "Put them in! No, of course you can't put them in. Do you expect to fill a basket half full of chips and then fill it with apples? You said you didn't know why you fell behind at school; and I will tell you. Your mind is like that basket. It will not hold more than so much. And here you've been, the past month, filling it with CHIP DIRT—*dime novels!*" The boy turned on his heel, whistled, and said, "Whew! I see the point." Not a dime novel has been seen in the house from that day to this.

Then there are the anecdotes of ministerial experience, of which this is a sample: A clergyman of the Presbyterian Church, now preaching in Kentucky, (although he is so infirm that he is carried to church upon a bed, and preaches without rising from his pillow), while still a young man, was visiting a rich planter in Virginia.—The planter owned a valuable female house-servant, who, like all the negroes, thought ceremony a very important part of religion, and desired to be baptized by immersion, but to unite with the Presbyterian church of which her master was a member. The planter asked the preacher whether he would consent to immerse her. He replied, "Yes, upon conditions." "Name them." "I must be satisfied as to her piety." "Satisfy yourself, then. Ask her any question you please. Her life corresponds to her professions, and you may trust her sincerity." "But I have no clothes in which to perform the ceremony." "I will lend you a suit." "One thing more: I never did baptize any one by immersion. I don't know how I should succeed in the attempt. Appoint the ceremony very early in the morning—before breakfast—when no one is likely to be about." "Agreed," said the planter. But, being a wag, and having discovered his young friend's weak point, he straightway mounted his horse, and rode all over the neighborhood, and left word at every house where there were any young people that on Thursday morning, before breakfast, his old negro woman—Chloe, or Dinah, or whatever her name may have been—would be baptized by immersion by young Mr. M——, and *they must be sure to come.* Imagine Mr. M——'s chagrin when he arrived on the spot selected, and beheld on the banks of the stream a bevy of fashionable Virginia gallants, with their sweethearts, every eye beaming with delight at his own costume. A small man himself, the planter was second cousin to Og, King of Bashan. His coat-sleeves and trowsers were turned up six inches at the end; his vest hung around him like a bag; his coat tails came down to the ground; he could have put both feet in one boot. And this was only the beginning of his troubles. As Chloe felt the chilling sensation creep from her ankles to her knees, she was inspired with a sudden aversion to immersion; and to get her into water deep enough for the administration of the ordinance, Mr. M——was compelled to drag her after him, she holding back lustily. When he commenced to lower her, placing one hand behind her back, and uttering the solemn formula, "Chloe, I baptize thee in the name of the Father," she struggled to get up. He accordingly put his other hand on her breast to push her under; and just as he had finished the words prescribed he lost his balance. To recover it he took a step forward, then another—the old woman submerged meanwhile; and, amid the shouts of the bystanders, the old planter rushed into the water, forgetting everything except that she was worth a thousand dollars and her life was in danger, and calling aloud, "Mercy on me! He'll kill the nigger! he'll kill the nigger!" This was Mr. M——'s first and last attempt at baptism by immersion.

Another brother present had a budget of curious sermons. One, by a Hard-shell Baptist, on the text "Adam, where art thou?" which he treated under four heads: 1. All men are somewhere. 2. Some men are where they hadn't ought to be. 3. Some men, if they don't look out, will be where they don't want to be. 4. A few remarks, by way of exhortation, on infant baptism. A second, by a Presbyterian, (never preached), was on the Devil, that roaring lion (I Peter v., viii.). 1. Who the Devil is he? 2. Where the Devil is he going? 3. What the Devil is he going to do? A third, by a preacher of the Christian Church, (commonly called Campbellite), shows the danger of excessive fondness for what is called now-adays "object teaching." A certain "Christian" minister, now deceased, concluded to give an object-lesson in the pulpit, and for that purpose took a nut and a hammer to church with him.—The nut had a kernal, a shell, a hull, and a husk. Holding it up before the people with the rough husk on, he said, "My brethren, you see before you a Methodist." Having expatiated upon that point, he stripped off the husk, and, showing the dry hull, added, "Now, my brethren, you see the Presbyterian." Stripping off the hull, he continued, showing the hard shell, "And this my brethren, is the Baptist.—But now, brethren, I will show you the kernal of Christianity—the true Gospel, which I preach—the genuine Christian." With these words, he raised his hammer, and cracked the nut, and lo! it was empty. A warning to all who abuse their Christian brethren, instead of preaching the truth as they themselves see it.

"His sermon was spoiled as badly as one preached by a popular pastor in St. Louis." "Tell us about it." "Why, the gentleman of whom I speak was a Southern of warm, genial impulse; and as he was in the midst of his Thursday evening lecture the door opened, and a man put his head in.—"Come in, my good friend! Come in!" said the preacher, not perceiving the fact that he was terribly, beastly drunk. Down sat the drunken man by the stove, in the rear of the church. The stove being very hot, he became intensely sick, and presently the whole congregation looked around in disgust—no one so disgusted as the preacher, and in the same impulsive way he said, "Take the beast out!" But his sickness had partially sobered him. He knew that he was insulted; and, without waiting to be taken out, he rose from his seat, staggered to the door, went out, and then turned around for a parting shot. With a tremendous hiccough, he exclaimed, in a deep, drunken tone of voice: 'Well! such preaching! It is enough to make a dog sick!

"Speaking of St. Louis reminds me of the South, and that of negroes, and that of my college days. There was one quarter of the town which we boys always called Hayti. In it there was a church which we always took delight in attending. The worship of negroes is a sight worth witnessing. One night at the height of the fun the stove fell over. It was an upright cannon stove, filled with bituminous coal, and red hot. One of the legs came out; and the darkeys, supposing that the house would burn down, flocked pell-mell through the doors and windows, leaving no one inside except the preacher and an old half witted colored man, named Boler. 'Pick up de stobe, Brudder Bolah!' said the preacher; 'pick up de stobe! De Lor' won't let it burn you. Only hab faith!' Poor 'Brother Boler! his faith was too strong. He reached out his black fingers, touched the stove, jumped three feet from his seat, and stamped up and down upon his feet, crying, "De Debil he won't! De Debil he won't!"

"Well, one night this same preacher gave an account of a marvelous dream vouchsafed to him since the Sabbath preceding. 'My brethren,' he began, 'and my sistering, I dreamed a dream. An' I dreamed dat I had de bery identikle ladder dat Jacob went up to saw de Lord on.' Warming up with the remembrance and with the exertion of speaking, he began to sing and to pant, after the manner of all ranters: 'An' I put it up to hebben; an', by de help of faith, I mounted away up to de top—ah; an' it was *too short*—ah.' Then waxing louder still: 'An' so I took it down—ah; an' I SPLICED it—ah; an' it was too short de *second* time—ah: an' I put on a SMASHING BIG splice—ah; an' I put it up to hebben de third time—ah; an' it was too short the third time—ah!' After a moment's pause, to gain strength for the climax, with indescribable energy and sincerity of intonation: 'An' I spread my wings—ah; an' I gib an AL-MIGHTY jump—ah; (then dropping into a confidential whisper) an' I got the tarnationest fall dat ebber you see on God's yearth—ah.'"

COOKED meal is nearly double the bulk of uncooked, yet quart for quart it goes as far. The difference is, that much of the food is undigested unless cooked.

BOROUGH MEETING.

The Republicans of the Borough of Gettysburg will meet at the "Eagle Hotel," TO-MORROW (Saturday) EVENING, at 7½ o'clock, to nominate a Borough Ticket, and make arrangements for the approaching Election.

By order of the
EXECUTIVE COMMITTEE.

ROBERT G. HARPER, the senior editor of the "STAR & SENTINEL," and Republican nominee for Associate Judge, is so well known that no endorsement is needed at our hands. For half a century he has stood prominently before the people of the county as sole editor of the "ADAMS SENTINEL," always true to the principles of his party, a high-toned gentleman, with a reputation for integrity that no man dare to impugn. Called to the office of Associate Judge by appointment of Gov. GEARY, to fill the vacancy consequent on the resignation of Judge ROBISON, he has fairly and impartially discharged the duties during his brief term, and the people of the County would honor themselves, while requiting long and meritorious public service by continuing him on the bench.

THE office of County Commissioner is an important one, having largely to do with the County finances. For some reason or other, the "ring" which manages that office, determined that no independent Democrat should get an inside view of the concern.—JOHN FELTY was slaughtered for this reason. The tax-payers of the county, Republicans and Democrats, have an interest in the matter, and if they would consult their interest and rebuke the "ring," they will have an opportunity to do so on Tuesday next, by voting for SAMUEL OVERHOLTZER, of Reading, for County Commissioner.—A good business man, honest and upright, a better officer could not be well scared up.

ADAM C. MUSSELMAN, our candidate for Director of the Poor, comes of good stock. The Musselman family have been long noted for good business qualifications and integrity. ADAM C. does honor to the family. He is moreover a young man of intrinsic personal merits—clever, honest, intelligent, and courteous. As Director, he would see to it that all unnecessary extravagance in the management of the Poor House affairs be prevented, and the public good subserved. He will make a capital Director.

THE office of Sheriff is one in which all classes of citizens are deeply interested. The administration of the office involves at best unpleasant relations, and it is all important that it be filled by a man of integrity, kind nature, courteous manner, and strict integrity. Such a man is SAMUEL WOLF, of Oxford township. He is no party hack—does not seek the office, and is a candidate simply because leading men of all parties demanded it. He will poll a heavy vote wherever known.

VOTE for EDEN NORRIS, of Straban township, for Clerk of the Courts, if you want an honest, upright, sober, faithful officer. Some years ago he discharged the duties of the office with marked fidelity and acceptance, and is therefore thoroughly familiar there.—The County never had a better officer, and if the people consult their interests they will see to it that he is elected on Tuesday next.

JACOB M. BUSHEY, of Franklin township, is admirably qualified for the duties of Register and Recorder.—An industrious, respected citizen, he will poll a heavy vote wherever known. Like all the other candidates on the Republican ticket, he did not seek the office, but was nominated by reason of his acknowledged fitness and personal worth. Vote for BUSHEY for Register and Recorder.

SAMUEL HERBST is one of the best known citizens of the county—raised a practical Farmer, and as President of the Agricultural Society has largely identified himself with the Farming interests of the County. Possessing an enviable reputation for integrity, he will make a capital County Treasurer, a clever and efficient officer. Vote for him!

A COUNTY Auditor should be a man of business capacity, a good accountant, and resolutely honest. Such a man is ~~WILLIAM C. SCOTT~~, of Freedom, who ought to be elected on the score of merit alone. He is a young man of excellent promise, and would honor the office.

DR. AGIDEOUS NOEL, of Mountpleasant township, is a skillful practicing Physician, universally respected, and possesses in a high degree the qualifications requisite in the office of Coroner. Vote for DR. NOEL.

REMEMBER the State debt has been reduced over six millions of dollars during GEARY'S administration, while it has steadily increased under Democratic rule.

EIGHT dollars and ninety-five cents is the amount of taxes paid by Asa Packer, who is reported to be worth twenty million. The poor man pays the taxes for him.

[illegible]

The *Compiler* and other Democratic papers flaunt at the head of their editorial columns the name of their candidate for Governor in this wise:

"*Asa Packer, of* CARBON *county.*"

It seems, however, that the "Pride of the Valley" has no fixed habitation. When money is to be made in rail speculation, it is at Mauch Chunk, but when Taxes are to be paid it is in Philadelphia. The Philadelphia *Post* of Saturday throws some light on the subject and says:

"By reference to the list of voters at the last election it has been ascertained that the candidate of the Democracy for Gubernatorial honors, Judge Packer, *voted at the last election in this city* at the place of holding the election for the fourth division of the Sixth ward. His vote was challenged, when Jeremiah McKibben, proprietor of the Merchants' Hotel, vouched for him, *giving as his place of residence the hotel just named.*"

The question recurs, where does Asa live? He seems to be a regular "carpet-bagger." He "carpet-bagged" from Connecticut to Carbon county; then "carpet-bagged" to the Merchants' Hotel, to escape the payment of Borough, School and Bounty Taxes, and vote, leaving his family at Mauch Chunk. Essentially a "carpet-bagging" candidate, he now aspires to make a "carpet-bag" pilgrimage to Harrisburg. But the people will have a say in that matter—and it will be an emphatic NO!

THE LAST APPEAL.

We to-day make our final appeal to the Republicans of the county. We hope the work of organization in the townships has been completed ere this. If not, we beg our friends to do so at once. Two days remain, (Saturday and Monday,) in which much good may yet be done. ~~In the State the~~ canvass is progressing finely, everything indicating the triumphant election of GEARY & WILLIAMS. In the County, the Democracy are badly demoralized by the mischievous policy of an obnoxious "ring." From all parts of the county we have intelligence that many of the best Democrats will vote for portions of the Republican ticket. Let there be a full Republican vote. Let there be no laggards—but see to it that arrangements are at once completed to poll every vote.—One ~~vote may determine the fate of~~ some of the candidates.

WHILE the Copperhead press is bitterly maligning Gov. GEARY, the religious sentiment of the State comes to his defence. The "*American Presbyterian,*" of Philadelphia, a religious paper edited by Rev. Dr. MEARS, in the course of a well timed editorial on the duties of Christian men, pays the following merited compliment to Gov. GEARY:

"Gov. Geary is a consistent, humble Christian, who keeps a conscience although he is poor; the hills of Gettysburg are monuments of his devotion, skill, and glorious success as a soldier of his country; his administration has witnessed a decline of millions in the State debt, and a removal of onerous State taxes. Pennsylvania will honor herself and add lustre to her political annals by prolonging his term of office."

Stand at the Polls.

Let the best and most prominent Republicans of every election district stand at the polls, from morning until night, on election day. There has been too much neglect of this important matter. The presence of well-known citizens at the voting places is a source of power that is always felt. We hope to see a new order of affairs at the coming election. Good citizens should feel bound, at least, to give the countenance of their presence to those who labor for the success of the principles of the party. Let such be the first at the polls next Tuesday, and the last to leave.

IN the "History of Sherman's march to the Sea," written by an impartial historian, we find the following paragraph, which, in the light of Democratic slanders, is pertinent to the time:

"There are men who are soldiers by inspiration. Logan is one; Geary, too, was a civilian general, and won fame and reputation upon field after field—upon the bloody crest of Lookout Mountain, upon the rugged cliffs of Mill Creek—through every battle that many a trained West Point veteran should feel proud of. Of civilian soldiers he and Logan stand amid the foremost."

GO TO WORK.

LET EVERY REPUBLICAN GO TO WORK, as if the election of Gov. Geary depended upon his own individual exertions. A failure to do our duty now may cause a loss which can never be recovered. Then the labors and sacrifices of the Republican party, and the blood shed and the lives lost by our gallant soldiers to crush out that damnable rebellion, will have been in vain. It will be the act of an incendiary who destroys in an hour the work of a lifetime.

IT is estimated that three-fourths of the taxes in this State are now raised from corporations, so that farmers, and those engaged in other occupations, pay correspondingly less. This management, which is so advantageous to small farmers and poor men generally, is the result of Republican management. But if Asa Packer, with his mammoth railroad interests, should be elected Governor, how long should this state of things last?

DON'T BE BACKWARD!

Have your Committee men at the polls and watch every vote that is cast. Our enemy will poke in a fraudulent vote whenever they have a chance. Watch them! Our cause demands it! And the sacredness of the ballot-box should encourage us to watch the polls!

ASA PACKER and his Democratic supporters declare against negro suffrage in Pennsylvania. The Democrats of Mississippi hold a convention in which there are seventy-three negro delegates, and nominate one of them for Secretary of State. This is Democratic consistency.

EVERY man who burns yearly four tons of coal transported over Asa Packer's railroad, pays that corporation $2.28 tax annually—fifty-seven cents per ton, the rise in the price of transportation since May last.

CYRUS L. PERSHING voted against restoring the right of voting to soldiers. Pay him back by voting against him for the Supreme Judgeship.

WHO attempted to starve the boatmen on the Lehigh? Ask Asa Packer why he was thrown into the canal.

RAIN or Shine go to the polls on Tuesday next.

ONE of the "last cards" of the Copperhead press is a pitiful attempt to prejudice Pensioners of the Government against Gov. GEARY, in consequence of the delay this fall in paying pensions. To this [illegible] all sufficient answer [illegible] that Gov. GEARY has no more to do with the matter than the man in the moon. Again, the delay was occasioned by a determination on the part of Maj. CALHOUN, the Pension Agent, (himself a gallant soldier who gave a leg to his country,) to protect Pensioners against the sharpers who have been charging exhorbitant fees. To prevent this, and make sure of the money passing directly through the hands of the Pensioner, he issued his checks payable to the order of the latter. To this the sharpers objected, demanding that the checks be made payable to themselves, and appealed to the War Department. The latter sustained Maj. CALHOUN in his laudable efforts to protect Pensioners from these harpies, and checks are now being issued. The appeal to the Department, of course, occasioned the delay complained of. The Copperhead press is not usually tenderly disposed to the heroes of the Republic, and we suspect strongly that just now they care more for these harpies than for the interests of Pensioners.

THE Harrisburg *Patriot* and other Copperhead papers, taking advantage of Hon. EDWARD MCPHERSON'S absence in Europe, have started the silly story that he is unfriendly to Gov. GEARY'S re-election. Everybody knows that Mr. MCPHERSON'S trip to Europe was deemed absolutely necessary to recuperate his broken health; and we may add, as within our personal knowledge, that one of the regrets that Mr. MCPHERSON experienced in the prospect of this enforced absence, was the knowledge that he would be unable to take part in the campaign now about closing. A warm personal friend of Gov. GEARY, if at home, the weight of his influence, on the stump and in social intercourse, would have been thrown cheerfully and earnestly in favor of his re-election. The *Patriot* knows this, and wilfully lies in saying otherwise.

ONE VOTE!

We desire to urge upon every man in Adams the importance of polling every vote. No man, if he desires to do his duty ~~to his country~~, should fail to be at the polls on the 12th of October. One Vote may decide the contest on some important candidate. Remember and be at the polls, and see also that your neighbor is there.

The *Compiler* seems to be terribly alarmed at the inroads some of the Republican candidates are making in the Democratic ranks, and calls particularly on the faithful to beware especially of John Wolford, Samuel Wolf, Samuel Herbst, Jacob Bushey, Eden Norris, and Samuel Overholtzer—all of whom are described as "sheep in wolf's clothing," "travelling mendicants," and what not. The "ring," *know* that every one of these gentlemen is incomparably the superior of his opponent on the ticket set up by this "ring," and that Democrats all over the county intend to say so on Tuesday next by their ballots. That is what's the matter.

THERE is much feeling all over the State in regard to the corrupt agencies, which for some years have been disgracing the State Legislature. In most of the counties (Democratic and Republican) members whose record last winter was not beyond suspicion, have been shelved, and new candidates for Assembly have been put up. If the people of Adams county want a Representative at Harrisburg, with a character for stern integrity beyond the shadow of suspicion—one who will aid in cleansing the Augean stables—one who will faithfully attend to Legislative duties—vote for Col. JOHN WOLFORD, of Latimore township.

Vote Early.

Go to the polls as soon as they are open and vote! After that attend to others! Give one whole day to your Country—from morning till night.

FROM all parts of the county we hear that the "ring" is disbursing money, with unwonted liberality, in its desperate efforts to elect its pet candidates. It is evident that the "twenty million" candidate has been despensing his favors in these parts. Where threats avail not to whip in refractory Democrats, tempting baits in the shape of green-backs are thrown out. In other words the "ring" purpose to buy the election of its candidates, if enough of corrupt material can be found to accept the bribes. High-minded men will spurn alike threat and bribe.

THE *Compiler* begs the Democracy to vote for Dill, McCurdy, Martin, Klunk, Swope, Neidich, Wolf, and the balance of the "ring" candidates, because they are all sound on the "nigger." Down in Virginia, Tennessee, and Missippi, and the South generally, the *Compiler's* political allies are also sound on the "nigger," but only *vice versa*. Down there they run Democratic "niggers," for office, and elect them! No wonder Nasby thinks Democratic politics are a good deal mixed.

LET every Republican voter be on his guard against slanders of our candidates between this and election. The opposition are desperate, and will resort to deception and falsehood to carry the day. Look out for "Roorbacks."

DO you wish to see the County expenses reduced? Vote for a capable and honest man, ~~SAMUEL OVERHOLTZER.~~ [illegible]

FILE your protest against corrupt legislative practices, by voting for Col. ~~JOHN WOLFORD.~~ [illegible]

LET NOTHING DETAIN YOU FROM THE ELECTION! GIVE A VOTE FOR LIBERTY AND PEACE!

REMEMBER TUESDAY NEXT! VOTE EARLY! TAKE YOUR NEIGHBOR WITH YOU!

EVERYTHING indicates a Republican victory on Tuesday next. Come out, and help to swell it.

Poll every vote!

SEVEN millions of dollars of the national debt is GRANT'S last month's gift to the nation.

Election, Tuesday next.

☞ Republicans, attend the election.

THE *Compiler* seems to concede the utter unfitness of most of the candidates on the ticket put up by the "ring," [illegible] little to say about their personal qualifications, but insists that they should be elected because they [illegible] on the white man's platform. The *Compiler* evidently thinks [illegible] of the "nigger" covereth a multitude [illegible] and should hide the defects of its candidates. In other words the "ring" leaders call on their camp followers to rally to the support of their candidates for County offices, whether fit or unfit for the positions! We are inclined to think there will be a number of Democrats next Tuesday who won't be able to see it in that light, and who may conclude that moral and personal qualifications of candidates are of some account.

WHILST the Democrats of Pennsylvania are appealing to prejudice and passion to prevent the adoption of the Fifteenth Amendment, their friends of the South, not forgetful of the results of the war, occupy quite a different position. The Memphis *Avalanche*, a paper that was ever true to secession, rebellion and the Democratic party, speaks as follows on this question:

"For God's sake, and the sake of decency, let the poor negro alone, for he is a citizen with all the rights of a freeman, will never be shorn of them, and is irrevocably free. Let our friends cease their nonsense talking against Negro suffrage. It is a settled point and we can't alter it."

IT is not denied that ASA PACKER made a technical shift of his residence from Mauch Chunk to a Philadelphia hotel, in 1867, to evade the payment of his taxes. He seems to have succeeded almost perfectly, for although he is reported to be worth $20,000,000, James N. Kerns, United States Assessor, has given his official certificate to the effect that ASA PACKER'S return for internal revenue taxes is one gold watch and some silver-plate, the tax on which amounted to only $8.95.

POOR MEN OF PENNSYLVANIA!—Mechanics, laborers, merchants, clerks, men of all conditions, in whatever calling or occupation engaged! All who burn anthracite coal, and sometimes find it difficult to raise the means to buy it—Remember that from May to September, during the strike, and when coal was scarce and dear, Asa Packer's railroad raised the price of transportation fifty-seven cents per ton!!!

THE "ring" is evidently frightened. The *Compiler* warns against "*trading*" and "*cutting*," and threatens dire things if any Democrat dares to pitch overboard any one of the pet candidates of the ring. The trouble is there are so many of these pet candidates in danger, that the "ring" don't know where to close up the breach, and it will keep the whippers-in busy to get all around.

IN Mississippi the Democracy are supporting a Negro for Secretary. In Pennsylvania the Democracy havn't yet got to that point, and the *Compiler* continues its weekly twaddle about the "nigger." Some people may be green enough to think this means something else than playing on the prejudices of its readers, and mistake it for principle.

WE do not suppose that the *Compiler* expects to humbug any Republican by its persistent twaddle about the "nigger." All this clap-trap is simply intended by the "ring" to hold Democrats up to the rack—fodder or no fodder. It is a poor compliment to the *personale* of the Democratic party.

REMEMBER, farmers, that a Republican administration took the tax off real estate and at the same time has been largely reducing the State Debt. Elect Packer and a Democratic Legislature and you will have a tax imposed on your farms and the State Debt increased.

WHEN Governor Geary was first elected there was a tax on real estate. No State tax on real estate to-day. If you are in favor of no State tax on real estate, vote for Geary. If you want that tax again imposed, vote for Packer.

EVERY Republican who remains at home next Tuesday virtually votes the Democratic ticket. A full Republican vote will ensure a large majority for Geary.

VOTERS, remember that in supporting GEN. GEARY you endorse President Grant's administration, which has been economical and successful in the highest degree.

EVERY soldier in Pennsylvania ought to vote the Republican ticket.—The sympathies of Packer and Pershing were against them during the late war.

FOR Governor of Pennsylvania the people want a man that pays his taxes and was loyal to the Government when its very life was imperilled.

EVERY Republican should remember that a full Republican vote is a grand Republican victory. Let every patriot do his duty, and all will be well.

VOTE THE WHOLE REPUBLICAN COUNTY TICKET: It is composed of good men, worthy of the support of every honest man in the county.

☞ Vote the whole Republican ticket.

CUBAN.—News by telegraph and mail indicates that the struggling patriots of Cuba have been successful in making the most important movement that they have yet attempted. An expedition of five hundred men, that started out of New York a week since, has arrived off the Florida coast, where other ships with reinforcements of men and munitions of war in plenty are rendezvousing preparatory to a land upon the island. The privateer Hornet is undoubtedly at sea, and being a very fast vessel, heavily armed, manned by American sailors and under the command of experienced American officers, will probably inflict serious damage upon Spanish interests on the waters. The statement is made that American men-of-war will not interfere with the Hornet unless she molests a ship bearing the American flag. The Hornet a few days ago appeared off Wilmington, N. C., for coal, and was seized by the U. States authorities, and is now held to await the action of the Government.

ALL the mills at Lawrence, Mass., were stopped by the flood. Over one hundred acres of the city are overflowed, and many houses are surrounded by water.

WON'T PAY HIS TAXES.

E. H. Rauch, Esq., who lived at Mauch Chunk for several years and knows Asa Packer like a book, characterizes him as a very mean man pecuniarly. Rauch says that Asa

Won't Pay His Borough Tax.

Mr. Packer was assessed $5,767 17 for borough tax in 1866 because he is worth twenty millions, and owns many houses, including the one in which he resides, which alone cost $100,000. But he wouldn't stand such taxation, and to get ahead of the borough authorities he proceeded to Philadelphia and got himself assessed there to the amount of $32 00 for all purposes. So much for that.

Won't Pay His County Tax.

The same year Asa Packer was assessed $9,228 88 for county purposes, but he produced a tax receipt from the collector of the 6th ward, Philadelphia, for $32 00, in full for all purposes. He was no longer a taxable citizen of Carbon, but of said ward, where he got himself assessed!

Won't Pay His School Tax.

Same year he cheated the School Board of Mauch Chunk out of his taxes, by claiming to be a resident of Philadelphia. There is no evidence, however, to show that he paid the tax anywhere. He "dodged" it.

Won't Pay His Poor Tax.

Same year by simply going to Philadelphia, and getting himself assessed in the 6th Ward, (his name registered at the Merchants' Hotel and his carpet bag hung up on a hook in one of the rooms), Asa Packer got clear of paying his Poor tax in Carbon county, amounting, including county, to $5,767 17.

How can honest men support Packer, who refuses to bear his share of the burdens of taxation, and by the 'dodge' of changing his residence manages to cheat the borough of Mauch Chunk and the county of Carbon out of their just dues?

THE DIFFERENCE.

Packer is a millionaire, and an adventurer from Connecticut. He has amassed a large fortune in Pennsylvania, a portion of which he has invested in New York. When the war of the rebellion broke out, he fled to Europe for safety, leaving others to take care of his property, and the interests of the State and country.

Geary is a poor man, having devoted his life to the benefit of the Commonwealth and the nation rather than to his own personal interest. When the war of the rebellion broke out he offered his services as a soldier to the State and country, and lived in the camp and field till treason was crushed, though he had no wide estates of his own to protect.

When men were needed to defeat the rebellion Packer packed off to Europe with his sons, lest they might be conscripted, and he be compelled to pay a portion of his millions to procure them substitutes.

When men were needed to defeat the rebellion, Geary gave himself and his two sons to the Union army, in which they fought bravely in defence of the nation.

When the war was raging Packer and his sons were enjoying a jolly good time in Europe, luxuriating to their heart's content, and exulting in their safety from danger.

When the war raged fiercest Geary was "above the cloud," driving the enemy from Lookout Mountain, his eldest son lying a corpse with a rebel bullet through his head, and his youngest boy wounded and sadly lamenting the death of the brother whom he so dearly loved.

And yet this man Packer, an adventurer in the State that he deserted in the hour of its danger, has the effrontery to ask the people of Pennsylvania to ignore the services of Geary, and give him their votes.

[For the Star and Sentinel.

THE COMPILER AND DR. DILL.

MESSRS. EDITORS:—The *Compiler* of last week seems to be very much chagrined that the suspicious record of Dr. Dill on the Extra Pay question last winter should be sifted and exposed. Now Dr. Dill was the representative of the people of the *whole* county and not a party; therefore, if he saw fit to prove recreant to the trust and confidence reposed in him as a representative, he must not complain at the earnest condemnation of an outraged constituency, as the responsibility rests with himself.

Many reasons are given in the attempt to explain why he did not vote; but they all are exceedingly sophistical. The people of Adams county are not going to believe that it was necessary for him to desert his seat just on the very eve of a very important question, to attend a small sale only 13 miles from Harrisburg, 24 hours previous to the sale. He could have had ample time to have remained for the session, and still attend the sale referred to; but this would not suit his purpose. The article in the *Compiler* states that he did not know such a vote would be taken. This certainly displays much ignorance of Legislative business on the part of Dr. Dill, as we find on page 375 of the Legislative record, that before the adjournment at one o'clock, the Speaker was authorized to refer to the appropriate committee all the bills upon his table. The appropriation bill being next on the calendar necessarily would be the next in order taken up. The article adds that he could not have his vote recorded after his return, as it was tried by others and refused; therefore there was no use in his trying. Such is not the fact, as any one, *who could show that he did not absent himself for the purpose of avoiding a vote*, could have his name recorded for or against it. On page 382 we find that Mr. Eschbach asked the right to record his vote against it, saying that he was NOT PRESENT when the vote was taken. This was objected to. But the Speaker decided that any member could put his reasons for his vote on the journal. Therefore Mr. Eschbach was granted permission. Why did not Dr. Dill ask the same right, if he could account satisfactorily for his absence? This he did not do, and he cannot now complain that his constituents hold him to the record.

SEVERE STORM.—The heavy rains of Sunday last extended over eastern Pennsylvania, New Jersey, New York and the New England States. In Baltimore city there was quite a freshet, several bridges being swept away and property damaged to the amount of $150,000. In Philadelphia the flood was unprecedented, the Schuylkill being higher than ever before known, while the Deleware rose 20 feet above water level. A large portion of the city was submerged, and the damage will amount to millions. From all directions there come telegrams of the sweeping away of railroad bridges and the interruption of travel. In Philadelphia 4½ inches of rain fell in 24 hours. The storm was unprecedented in extent and violence.

IMPROVED MORNING GLORY.—The famous Morning Glory Stove, so popular as a parlor and office stove, has sometimes been objected to for use in chambers and by families needing but one fire, because not adapted to heat water, &c.—This difficulty has been overcome, and last Monday we saw one of the improved Morning Glories in operation at the Wareroom of Col. C. H. BUEHLER, on Carlisle street, which seems not only to obviate objections but to meet every desired want. It is nothing more or less than the ordinary Morning Glory, with an Oven about 15 inches in diameter attached, and ingeniously arranged dampers by which the heat can be thrown around the oven at pleasure, and making it as hot as the ovens of the best cooking stoves. Water can be boiled, pies baked, and even meat roasted as readily as in a cooking stove. This contrivance, while preserving all the qualities of the Morning Glory as a heater, adapts it for the sick chamber, or use in small families requiring but little cooking. tf

SPECIAL NOTICE.

SCHENCK'S PULMONIC SYRUP, Seaweed Tonic and Mandrake Pills, will cure Consumption, Liver Complaint, and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall-bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care), that will unlock the gall-bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills, or fever. Remove the cause, and they will all stop of their own accord.—No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat unless the liver and stomach are made healthy.

If a person has consumption, of course the lung in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure Consumption.

When there is no lung disease, and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompanying each, make it not absolutely necessary to personally see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed.—He is also professionally at No. 32 Bond street, New York, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half-dozen. Mandrake Pills 25 cents a box. For sale by all druggists.

CABBAGE.—Mr. Solomon Weidner, of Butler township, informs us that he has this season raised from a piece of ground 10 yards square, 1800 pounds of cabbage of the Stone Mason and Mammoth varieties. Plants set out 3 feet apart and ranging in weight from 15 to 25 pounds per head. He has the seed for sale. See adv.

HOW TO VOTE.—There will be four separate tickets or slips to be voted for at the coming election. One ticket headed "Judiciary," for Judge of Supreme Court and Associate Judge; one headed "State," for Governor; one headed "County," for Representative and all county officers; and one headed "Township" (or "Borough," as the case may be), for Township or Borough officers.

COCKROACHES.—A correspondent of the New York evening Post gives two recipes which are valuable if effective. To kill cockroaches, take equal parts of carbolic acid and powdered camphor, mix, and paint the cracks and spots where they hide. The vermin comes out to certain destruction. "Nothing more sublime in history." No. two: One part of carbolic acid and three parts of water applied to a dog will kill fleas at once. He has seen it tried.

SWEPT AWAY.—Several of the Bridges on the Hanover Branch Railroad, as also a number on the Northern Central Road, were swept away on Sunday night last by floods, consequent on the recent heavy rains. Railroad communication was interrupted until the bridges could be replaced. The storm was unusually severe further East, and seems to have extended over Eastern Pennsylvania, New Jersey, New York and New England, sweeping away bridges in all directions and a number of dwellings. Much damage has been done, with loss of life.

SCHOOL-HOUSE BURNT.—On the night of the 22d ult., Sadler's School-house, in Huntington township, was entirely destroyed by fire. There was prayer meeting in the house in the evening, and the building was seen to be all right by a person after midnight; but between that and morning it was burnt. The bible was carried out, and found at the root of a tree near by, which proves that the fire was the work of an incendiary. The house had lately been modernized and was in good condition.—*Compiler.*

SERVICES.—The Sacrament of the Lord's Supper will be administered in Lower Marsh Creek Church, on Sabbath, Oct. 17th. Introductory services will commence on Friday previous, at 2 o'clock, P. M.

The Sacrament of the Lord's Supper will be celebrated, by Divine permission, in the Evangelic Lutheran Church, New Oxford, on the third Sabbath (17th) of October. Services will commence at 9½ o'clock, A. M., in German, and at 2 o'clock, P. M., in English. The preparatory exercises will take place on Saturday previous, at 9½ A. M., and 2 P. M.

ARRESTED.—Jeremiah Carbaugh, charged with malicious mischief at a "wake," was arrested in the South Mountain, on Sunday week, by officer Rouzer, of this place. Just as Rouzer was about to take him, Carbaugh made for the bushes.—Rouzer drew his revolver and fired several shots, one of them taking effect in Carbaugh's arm. He then gave himself up, and was brought to town. Dr. O'Neal dressed the wound, which proved to be only a flesh wound. Carbaugh was committed to jail, in default of $1,000 bail, but subsequently entered bail in that amount before Judge HARPER, to answer at November Sessions, and was released.

BREAKING GROUND.—Joseph S. Gitt, Esq., last week located a portion of the Parkton and Manchester Railroad, so that the contractor will be able to go to work at once. We learn that the ceremony of "breaking ground" will take place at Beckleysvill, Baltimore county, on Tuesday next, October 12, at 10 o'clock, A. M., on which occasion addresses will be delivered by gentlemen from Baltimore, York and other places. The public are invited to attend. The Parkton and Manchester Railroad Company will provide an entertainment in the Grove adjacent. A band of music from Manchester will be in attendance to enliven the meeting.

P. T. BARNUM.—J. BURR & Co., of 18 Asylum street, Hartford, Conn., who are among the most enterprising subscription book publishers in the United States, have now in press and will soon issue "Struggles and Triumphs, or Forty Years' Recollections of P. T. BARNUM," written by himself. The work is an epitome of his busy and eventful life, as merchant, manager, banker, lecturer and showman, and contains his celebrated lecture on the "Art of Money-getting," and "Rules for Success in Business." The advance sheets before us show that the work is replete with humor, anecdote, and narrative. It will be sold only by subscription, and agents are now wanted in every town and county to canvass for it.

DARING OUTRAGE.—On Friday night last, Mr. JAMES HANN, son of Sheriff HANN, went to McSherrystown to serve a writ as Deputy Sheriff. He started to return home about 10 o'clock. Meeting a stranger on the road, the latter requested permission to ride with Mr. HANN in his buggy, and Mr. H. assented. After going a short distance, the stranger drew Mr. H.'s attention to a man lying in the road, apparently drunk. Mr. Hann rose up in the buggy to look at the man, when the stranger struck him a terrific blow on the side of the head, knocking him out of the buggy. At the same moment the man in the road sprang to his feet, and being joined by another who had been concealed on the road side, the three attacked the Deputy, beating and trampling him severely. They finally left him lying on the road, got into the buggy, and drove off. Mr. Hann, recovering from the surprise and rough treatment, made his way, hatless and somewhat scarred in the face, to a neighboring farm house, where he remained until morning; when he returned to the spot where the outrage occurred, gathered up his papers strewn on the road, and returned home. The horse abandoned by the villains, had found his way home during the night, bringing the buggy with him. The outrage is involved in mystery. As Mr. H.'s pocket book was missing, it is supposed the main motive was robbery. If so, the villains gained but little for their pains, as it contained only about $5.

The Executive Committe, in submitting the foregoing statement, congratulate the Board upon the continued prosperity of the Company. Although Two Thousand Nine Hundred Twenty-nine Dollars and Forty-two Cents ($2,929 42) were paid out during the year to meet losses by fire, the Company has still on hand cash assets to the amount of $3,094.63. We recommend that the past policy of the Company be continued, as the wisest and in the end most economical—requiring the payment of a reasonable Cash Premium upon the issue of Policies, whereby the Company has been enabled to meet promptly all its liabilities, without the expense and annoyance incident to assessments, leaving sufficient cash assets in the Treasury to meet any probably losses during the coming year.

REMOVAL OF THE LEGISLATURE.

MESSRS EDITORS:—The rumored removal of the next Session of the Legislature to York Springs, if Dr. Dill should be re-elected, is exciting considerable comment among the Democracy. It seems to meet with the approval of some, while others denounce the movement bitterly. If done, it certainly would make it much more convenient for the Doctor in some respects, and no doubt there would not be as long a roll of absence recorded against him as last winter. The Record appears to show him absent on 57 occasions when votes were taken by calling the Yeas and Nays, including that on raising the pay to $1500. The Odd Fellows at York Springs have built a very large and commodious Hall, which contains a large Town Hall that would be sufficiently large for the meeting of the Legislature. Facilities for getting there are very good, there being two daily Stage lines and a surveyed Rail Road to New Cumberland. The place is also supplied with two good Hotels, one Republican and the other Democratic. Dr. Dill is always home to vote at the election, if not always in his seat at Harrisburg. TYRONE.

AN ENTERPRISING HOUSE.—Mr. JOHN WANAMAKER, of Philadelphia is rapidly winning his way to distinction among the large Mercantile men of that city. A gentleman of high probity of character, and prominent in the benevolent and chartable agencies demanding attention in our large cities, he is recognized as a leading philanthropist. He is moreover a capital business man and understands the secret of success—liberal and judicious advertising. Our readers have during the past year, noticed in our local department frequent references to his establishment, 818 and 820 Chestnut street. We have no hesitation in commending the house to the confidence of any of our readers visiting that city. The Philadelphia *Morning Post*, of Oct. 1, has the following complimentary notice, which we cheerfully transfer to our columns:

> "THE FALL OPENING AT WANAMAKER'S.—Yesterday John Wanamaker, the well-known clothier, had his first fall and winter opening, at his palatial establishment, at Nos. 818 and 820 Chestnut street. As a matter of course, there was a perfect jam of people throughout the entire day. The various floors were devoted to exhibiting the ready-made clothing and an almost endless variety of cloths. All the articles were tastefully arranged, and so disposed that they could be seen to the best advantage. The 'opening' surpassed that of the spring, and some idea of it may be obtained when we say that Mr. Wanamaker considered the spring occasion, in every sense, a success. Since then the invention and industry of Mr. Wanamaker and his able corps of assistance have been taxed, the home and foreign markets have been made to contribute largely to his stock, new and efficient cutters have been added to his corps; indeed, nothing has been left undone that could place this establishment in the front rank and in such condition that the most renowned merchant tailors cannot surpass it, either in the style and finish of garments or in the extent and variety of stock."

CHILD FOUND.—A little girl 12 years old, who can operate perfectly well on a Grover and Baker Sewing Machine. For further particulars enquire of D. W. Robinson, agent for the company, Chambersburg street, Gettysburg. 1t

PENNSYLVANIA COLLEGE AND ADAMS COUNTY.

A School is the great hope, as well as, best protection of a community. In it are centered the hopes of parents for the preparation of their children to assume the responsibilities of real life, whilst the eyes of all are turned to it, as a means of defence against the demoralizing evils entailed by ignorance. As the grade is higher, and as the institution of learning extends greater facilities for toiling deep "in the mines of knowledge," so are the benefits derived; and when it is raised to the rank and dignity of a College, the people have in their very midst the great source, whence can be drawn all the nutriment which the intellectual growth and development of their youth may demand.

Almost forty years ago Pennsylvania College began the work of education and of shedding the light of knowledge upon the abodes of intellectual darkness, proving to be, nationally, an honored seat of learning, locally, an incalculable blessing; and yet at no time during this period has it received the hearty and cordial support of Adams county. Of the pecuniary benefits derived, directly and indirectly, by the people, in whose midst the College is located, we desire to say nothing, feeling, in the first place, that they are self-evident, and, in the second, that any remarks upon them would interest none save those, whose ideas the dollar limits, and from whom no assistance need be expected in an enterprise which does not pretend to satiate their avaricious cravings. A College has a far higher and nobler aim, and bounteously scatters upon those around it far more lasting and substantial blessings. With its first, great, end in view, that of giving to the youth, who come to it, weak and with scales on their eyes, light and strength, and sending them forth upon their life-missions, ready to do in the service of truth—qualified to take their stations as the leaders of society in the onward march of thought, and prepared to stand where the people need them most—some breaking to them the bread of life, others guarding with vigilant eyes the laws that make the civil relations safe and peaceful, and all doing good—the College seems to lavish most upon those around and about it.

Parents and guardians have the opportunity of educating, under their own eyes and at comparatively little expense, their sons and wards, retaining for them all the salutary influences of home, and without feeling themselves that anxiety and solicitude lest, when absent in strange places and amongst strangers, the allurements of temptation corrupt their youth and scatter their hope of beholding them as strong and honored men. Men who walk the higher paths of science come into immediate contact with the people, with educated talent always ready to subserve their interest and welfare, giving them character, at once, in the eyes of the public. Young men are brought into the community, representing every section of country, exciting, on the part of those who send them, no ordinary interest in the place to which they are sent, and who, as they become strengthened in mind and refined in taste, play no unimportant part in elevating and giving tone to society, and in promoting generally the interests of the people. The location of a College in a town of no resources and ability in itself, is at once the cause of calling it into the favorable consideration of the public; and if before, it was unknown, its reputation soon becomes national, and itself the resort of the learned and able of the land. These are some of the advantages that have accrued to the citizens of Adams county from Pennsylvania College; and prompted by gratitude for the past, and urged by an earnest desire for their continuance, they should stand as the most devoted supporters of the College, and by sending their sons to it, widen the field of its usefulness, and share in the glory of preserving it in its present exalted position of a local blessing and a national honor.

If some advantages have been derived by the people, there might have been more.—If some young men from the community have resorted to the College and carved out for themselves enviable characters, there might have been more. Deeply impressed with a feeling of their negligence, in this respect, the people should try to make amends for the past, by availing themselves in the future, of the opportunities extended by the College, of thoroughly training their youth and giving them the requisites of a true manhood. If there are those who feel that they have neither the time nor means to take a complete college course, the different and distinct departments are prepared to give them the desired qualifications.—Those who do not intend to pursue any of the learned professions sadly err if they deem an education unnecessary. The educated Farmer or Mechanic commands much more respect and wields a far more powerful influence than he, who ignorant of all law and without even the rudiments of an education, tills the soil or plies the hammer, capable of nothing great, and deprived of that pleasure and improvement which their practical occupations would enable them to derive from the possession of knowledge. Those who superintend the training of such would do well to bear this fact in mind.

The College numbers its alumni by the hundreds. All over this country, in the States and Territories, among the high and learned of the land, those filling positions of trust and honor, yea, in the remotest regions of the globe, where the only enlightenment is found in the humble follower of the Cross, there are those who breathe love and affection for it, as their common foster-mother; whilst year by year, scores reverently wend their way hither, to renew the ties that bind them together. If already upon the list of its alumni there are honored sons of Adams county, in the future there should be more; and the people, awakened to a sense of the importance of the College in their midst, should rally to its support and send it their youth, that they may become great and strong men, prepared to go out and do good, and to remember, love and respect the College as their *Alma Mater.*

J. H. B.

GETTYSBURG, PA., Sept. 27, 1869.

COMPUTING INTEREST.—The Chicago *Journal* gives a new rule for computing interest, and says it is so simple and so true that every banker, broker, merchant or clerk should post it up for reference. There being no such a thing as a fraction in it, there is scarcely any liability to error or mistake. By no other arithmetical process can the desired information be obtained by so few figures:

Six per cent—Multiply any given number of dollars by the number of days of interest desired, separate the right hand figures and divide by six, the result is the true interest on such sum for such number of days at six per cent.

Eight per cent.—Multiply any given amount by the number of days upon which it is desired to ascertain the interest, and divide by forty-five, and the result will be the interest of such for the time required, at eight per cent.

Ten par cent.—Multiply the same as above and divide by *thirty six*, and the result will show the rate of interest at ten per cent.

QUESTION.—One hundred stones placed in a straight line on the ground, one yard from each other, the first stone one yard from a basket, what distance will a man travel who brings the stones one by one to the basket?" S.

Answer to last week's Enigma—"Webster's Primary Dictionary."

COMPLIMENTARY.—Rev. P. Anstadt, editor of the "*American Lutheran,*" formerly Pastor of St. James Church in this place, now of Selinsgrove, Pa., made a flying trip to Gettysburg during the recent meeting of the West Pennsylvania Synod. In his last issue he gives some editorial notes of his trip, from which we clip the following:

> "We found the Synod assembled in St. James' Lutheran church, a church over which we had in former years been pastor. We found there yet many familiar faces of old friends who greeted us most cordially, but some we learned had gone beyond the river to the heavenly Canaan, and we shall see their faces no more on earth. We found also the interior of the church completely renovated; it was beautifully frescoed, and the seats changed and newly painted; we should not have recognized it as the dear old St. James' Church, had we not known it to be the same by its location. Rev. Breidenbaugh, the present pastor has been very successful in building up the congregation, and is beloved by his people. We rejoice most heartily in the present prosperity of St. James' congregation."

CHICKEN CHOLERA.—We learn that a disease is at present prevailing among the chickens in the townships surrounding this place. During three days of last week, Mr. John Metzler, residing in Conewago township, Adams county, lost upwards of *sixty* fine large chickens by this disease. Many of our farmers have lost many of their chickens, and market men find it difficult to purchase chickens at this time in this locality.—*Hanover Citizen.*

AUTUMN.—Autumn has in the annual whirl again returned, bringing ripe fruits, cool mornings and evenings, and here and there chills and fevers. But autumn is a pleasant season. When the frosts appear and check and blight vegetation, the blood courses more freely in the veins, the eye grows more bright, man's laziness is in a great measure chased away, and the frosty atmosphere, when enjoyed, never fails to give him more snap, vim and vigor. Notwithstanding poets sing of the beauties and glories of Summer, that must be an undesirable country where there is no Autumn to give zest to man's enjoyments, and to brace up his nerves and make him feel like a new creature. All hail, then, the joyous return of Autumn with its rich clusters of mellow fruits!

CAUTION.—Extended success in any department of business justly awakens competition, and owing to defective mental and moral structure, often begets envy. Now these are to be expected and may be met with energy and determination; but not unfrequently the bounds of legitimate rivalries are overstepped, and base, unscrupulous men stoop to use the patronage of others to further their nefarious purposes. With the assistance of science, and by means of industry and honesty, in providing a potent remedy, Dr. Stoever's Old Standard Tonic Herb Bitters have attained unparalleled celebrity, having been before the public for the last thirty years.

Wherever they have entered the sick or complaining household, their effects have even exceeded expectation, and so far surpassed all we have ever claimed for them by circular, card, or otherwise, that the public confidence in the medical qualities of the Bitters is unbounded. We do not fear the competition of the empirical throng who attempt to palm off remedies upon the people, which are not scientifically compounded, and are destitute of available qualities. Their empiricism will be discovered in the end, and the inefficiency of their preparations found out. We would rather be envied for merited success than despised for failure, however ungenerous it may be for man either to envy or despise. Against another and a worse class of individuals, we are forced to take action. We allude to those who take advantage of our popularity, and attempt to gain public favor and confidence by counterfeiting the Old Standard Bitters, barely imitating the label, or making other approaches to its preparation calculated to deceive, and as a matter of course, in so far as they succeed, to bring our excellent Tonic into disrepute. The public are hereby warned against all such imitations. In order to further protect ourselves, and save the afflicted from imposition, we have concluded to change our Label so as ever hereafter to sustain our indentity, and keep the reputation of the Old Standard intact. We incur great expense by so doing, but the end warrants the means. The new label along with the caption, directions and neat ornamentation, will present an excellent steel portrait of C. H. Kryder, the senior member of the firm. This will be the badge of its genuineness, as well as a guarantee of the quality of the Bitters. The label will be duly copyrighted, and thus placed beyond the reach of counterfeiters. By no fault of ours shall the public confidence ever be abused or the reputation of the "Old Standard" be allowed to suffer. None genuine unless signed.

ALWAYS READY.—In order to keep the public posted in the manners and costoms of the day, we must refer them to Messrs. COBEAN & CUNNINGHAM, dealers in all kinds and styles of Men's and Boy's Readymade Clothing, Hats, Caps, Boots, Shoes, and Gentlemen's Furnishing Goods in particular. They have just received from the cities a large and well selected stock of goods, which they are selling at prices that will compete with the good old times. They invite all persons to call and see them, and they will warrant their goods to be what they represent them. You will find their store on Baltimore street, Gettysburg, nearly opposite Fahnestock Bros.

IRON CITY COLLEGE.—The course of study and business training pursued at this popular Business College has the unqualified approval of business men in all parts of the country, as will be seen by an examination of its Circular, to be had on addressing the Principals, Smith & Cowley, Pittsburgh, Pa. 1t

LOST, on the evening of the 6th inst., a Pearl Sleeve Button, gold mounted with letter B. The finder will confer a favor by leaving it at Buehler's Drug Store. 1t

ALWAYS AHEAD.—NORRIS has just returned from the City with his stock of Winter Clothing, Hats, Caps, Boots, Shoes, Gloves, and Under-Wear of all kinds, and defies the county in quality and price. He has the largest stock of Men's Furnishing Goods of every description in town, and every body that wants good cheap Undershirts, Drawers, Stockings, &c., go to NORRIS' cheap corner—Arnold's old stand, South west Corner of the Square. tf

SHOE TIPS.—The American Shoe Tip Company have introduced, this season, a new white metal tip, which by wear has the appearance of silver, and is decidedly ornamental. A metal tip adapted to first-class shoes has long been needed. This new tip meets this demand, and must come into as general use on the finer grades of children's shoes as the copper tips have on the common grades.—*Boston Journal.* 1t

Persons wishing anything in the line of Gold and Silver Watches, Jewelry, Silverware, Spoons and Forks, would do well to visit the store of W. P. McCartney, who has a fine stock of the above named articles. He has by far the best stock of the kind ever exhibited in Gettysburg. If you don't wish to purchase drop in and feast yours eyes anyhow. Oct. 8,-3t

FALL.—It is not quite cold enough for an overcoat, and yet one feels chilly without one. To meet that difficulty you should buy yourself one of Wanamaker & Brown's *Fall* overcoats—just the thing for this season of the year. They are beautiful and beautifully cheap. They have them as low as five dollars. 1t

BIERBOWER'S SEGARS have become noted for their high flavor, and every body who knows anything about good Tobacco has got in the habit of going direct to his establishment in the northeast corner of the diamond—fully assured that they can get just what they want, the very *best Segars*, made of prime tobacco, highly-flavored, and what is better still sold at prices *that can't be beat in or out of the city.* Strangers can't mistake the place. "*Punch*" always stands at the door, good humoredly inviting the passer-by to enter and enjoy the good things to be found there—Segars, Smoking and Chewing Tobacco, of the best brand, Merchaums, Pipes, &c.

THE WORLD,

DODGES' OHIO AND BUCKEYE

Reapers and Mowers.

A careful examination of these machines will commence any one of their superior merits over all others, in strength, durability, ease of draft, and reliability for work, on all kinds of ground, and in every variety of grass and grain. Confident of this we invite those in want of a good machine to examine for themselves before purchasing elsewhere.

These machines can be sold as Naked Mowers—REAPERS as Hand Rake, Self-Rake, or Dropper.—Two different sizes: No. 1 Machine, with two cutter Bars and three Knives, cutting five and a half feet in grain and four feet eight inches in grass; No. 2, cutting four feet six inches.

We have that confidence in these machines that we are willing to let those wanting a machine test them with any other they may wish, and keep the one that gives most satisfaction. DODGES' AUTOMAN SELF-RAKE has given such general satisfaction that we consider it the best Self-Rake out, and is attached to no other machine except the Dodge Machine, the Ohio and Buckeye patent.

For the benefit of those wanting machines we would refer them to a few of those to whom we have sold the last season, viz:

Also, WIRE-TOOTH HAY RAKES, including the celebrated Brandt Rake, and Self-discharging Rakes. Also, PLOUGHS, FANNING MILLS, AND FARM IMPLEMENTS GENERALLY.

Persons wishing to examine machines will find them at the warehouse of JOSEPH WIBLE & SONS, Gettysburg, Pa., or at the residence of the subscriber, 2 miles from Gettysburg, on the Harrisburg road. Persons wanting Circulars will address the subscriber, Gettysburg, Pa.

STILL AHEAD!

HOFFHEINS'

REAPER & MOWER,

One of the Greatest Machines of the Age,

IS superior to any other Machine now in use, as will excel any that will ever be introduced, having been thoroughly tried and given general satisfaction. I would now inform all those who intend purchasing Machines to call and examine for themselves. This Machine is noted particularly to excel all other machines in strength, durability, ease of draft, and reliability of work, in all kinds of grass and grain.—It cuts lodged grain admirably, which is a great item in Machines to a farmer. It can be used as a hand rake as well as a self-raker. It cuts 5 feet 2 inches in grain; 4 feet 10 inches in grass; has a steel cutter bar, with wrought iron guards; it can be used as a Single Mower as well as a Combined Machine.

A full trial of the Machine can be had.

Also, SHIREMAN'S SELF-DISCHARGING HORSE RAKE, and the great and well-known BRANT RAKE, the best rakes ever introduced. We would also call your attention to the IRON DOUBLE SHOVEL PLOUGH, wrought iron frame, very light and strong, steel shovels, easily adjusted to run shallow or deep, and is neatly and tastefully made.

ALSO, THE KEELER AND EXCELSIOR FANNING MILL, the old Hamborough Fan improved, for many years a great favorite among the farmers of Pennsylvania. It is large and strong, has two cockle screens, and warranted to work perfectly.

Also all kinds of FARMING IMPLEMENTS always on hand.

Any person wishing to examine these machines can see them at the Battle-field Hotel or at my residence, 3 miles from Gettysburg, between the Taneytown road and the Baltimore pike.

GEISER'S PATENT SELF-REGULATING

GRAIN SEPARATOR,

CLEANER AND BAGGER,

With the latest improved Triple-geared Horse Power, either Gear or Belt.

This machine has successfully competed with all the best of the different patented Grain Separators, and now has the reputation of being the best Separator ever produced; in fact, the only Separator and Cleaner ever before the public to give general satisfaction.

The machine is conveniently arranged for hauling and threshing, being permanently fixed on two wheels. One man can easily move or shift it about, so that it is not half the trouble on a barn floor as a common thresher and shaker. It is also easily put in operation. It is simple, easily managed, reliable, durable, compact and cleanly to work by while in operation, not making near the dust as the common machine or other Separators.

Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farmers that are using them we must come to the conclusion that it is the very machine that farmers want.

The following are a few of the persons who have used this machine, well known, and to whom the public are referred for further information:

A GENTLE WORD IS NEVER LOST.

A gentle word is never lost,
  Oh! never then refuse one;
It cheers the heart when sorrow-tost,
  And lulls the cares that bruise one;
It scatters sunshine o'er our way,
  And turns our thorns to roses;
It changes weary night to day,
  And hope and love discloses.

A gentle word is never lost—
  Thy fallen brother needs it;
How easy and how small the cost,
  With peace and comfort speed it.
Then drive the shadow from thy cheek,
  A smile can well replace it;
Our voice is music when we speak
  With gentle words to grace it.

BUYING LAND.

It is much better to buy only a few acres of good land at a high price than to buy a large farm of run down land at a low price. It is also much better for an ordinary farmer to have a small farm than a large one. Because if he has a small piece of land, and puts as much manure upon it as he would on a large one, he will make more money than if compelled to scatter the same manure on a large farm.

As a rule buy only a little land at first.—Don't spend all your money for the land; leave some for the purpose of buying manure. In this way you will in a few years be able to buy more land if you want it.

If a man is poor and cannot raise sufficient money to start on, he had better borrow some; then, if he is an enterprising man and understands good farming thoroughly, and does not undertake too much, he will in a few years be able to clear himself of all debt.

It will not pay to buy poor land at any price, unless a man has more money than he knows what to do with.

Land, to be good for farming should not lay too high, nor yet too low. If it lays too high it is apt to dry out very soon, and crops cannot stand a long drought as well as on low land. If it lays low it will be swampy and clayey, and hard to get at in the spring on account of the moisture it contains and it will be almost imposible to work it to advantage at any time. A moderately sandy soil is probably the best for all practical purposes.

The best time to buy land is probably during the mouth of June. The crops are then growing, and an estimate may be made of the ability of the land to produce well.

If in an ordinary year the wheat has a good growth, and good well filled heads, and a good green color, and does not look yellow and puny, one may be sure that he has lighted on a good piece of ground. On the other hand, if it looks stunted, has short, poorly filled heads, and is of very uneven length: if the corn looks yellow and shriveled without any apparent cause; if there is a poor growth of clover, and the meadows look rather bare—a man would better keep his fingers out of the pie.

* * *

How Small Expenditures Count.—Five cents each morning. A mere trifle. Thirty-five cents per week. Not much, yet it would buy coffee and sugar for a whole family. $18.26 a year. And this amount invested in a savings bank at the end of each year, and the interest thereon at six per cent., computed annually, would in twelve years amount to more than $670. Enough to buy a good farm in the West.

Five cents before breakfast, dinner and supper; you'd hardly miss it, yet 'tis fifteen cents a day; $1.05 per week. Enough to buy a wife or daughter a dress, $54.60 a year. Enough to buy a small library of books. Invest this as before, and in twenty years you have over $3,000. Quite enough to buy a good house and lot.

Ten cents each morning; hardly worth a second thought; yet with it you can buy a paper of pins or a spool of thread. Seventy cents per week; 'twould buy several yards of muslin. $36.50 in one year. Deposit this amount as before, and you would have $1,340 in twenty years; quite a snug little fortune. Ten cents before each breakfast, dinner and supper—thirty cents a day. It would buy a book for the children. $2.10 a week, enough to pay for a year's subscription to a good newspaper. $109.59 per year. With it you could buy a good melodeon on which your wife or daughter could produce sweet music to pleasantly while the evening hours away. And this amount invested as before would in forty years produce the desirable amount of $15,000.

Boys, learn a lesson. If you would be a happy youth, lead a sober life, and be a wealthy and influential man instead of squandering your extra change, invest in a library or a savings bank.

If you would be a miserable youth, lead a drunken life, abuse your children, grieve your wife, be a wretched and despicable being while you live, and finally go down to a dishonored grave, take your extra change and invest it in a drinking saloon.

Blessed are the Merciful.—A crippled beggar was trying to pick up some old clothes that had been thrown from a window, when a crowd of rude boys gathered about him, mocking his awkward movements and hooting at his helplessness and rags. Presently a noble little fellow came up and, pushing through the crowd, helped the poor crippled man to pick up his gifts, and placed them in a bundle. Then slipping a piece of silver into his hands, was running away, when a voice far above him said, "Little boy with a straw hat, look up!" A lady, leaning from an upper window, said, "God bless you, my little fellow! God will bless you for that."

As he walked along, he thought how glad he had made his own heart by doing good. He thought of the poor beggar's grateful look, of the lady's smile, and her kind words; and last, and better than all, he could almost hear his heavenly Father whispering, "Blessed are the merciful, for they shall obtain mercy." Little reader, when you have the chance of doing good, and feel tempted to neglect it, remember little the "boy with the straw hat."

The *Stock Journal* advises a big horse for regular farm work, and one that does not, without great pushing, trot more than six miles an hour with a light buggy.

IMPROVED MORNING GLORY.—The famous Morning Glory Stove, so popular as a parlor and office stove, has sometimes been objected to for use in chambers and by families needing but one fire, because not adapted to heat water, &c.—This difficulty has been overcome, and last Monday we saw one of the improved Morning Glories in operation at the Wareroom of Col. C. H. Buehler, on Carlisle street, which seems not only to obviate objections but to meet every desired want. It is nothing more or less than the ordinary Morning Glory, with an Oven about 15 inches in diameter attached, and ingeniously arranged dampers by which the heat can be thrown around the oven at pleasure, and making it as hot as the ovens of the best cooking stoves. Water can be boiled, pies baked, and even meat roasted as speedily as in a cooking stove. This contrivance, while preserving all the qualities of the Morning Glory as a heater, adapts it for the sick chamber, or use in small families requiring but little cooking. tf

NOTICE.

THE undersigned having had 17 years' experience as a practical Operator on Sewing Machines would recommend the Grover & Baker Family Machine as the cheapest and best machine for family use. The simplicity of construction and elasticity of stitch made by these machines are two very important points in their favor. 250,000 of these machines are to-day bearing witness to the truth of our assertions and the demand is steadily increasing.

We have also Shuttle Machines on hand for Tailors and Coach-trimmers use. Call and see us.

PIANO FORTES,

BALTIMORE, MD.

These instruments have been before the Public for nearly Thirty Years, and upon their excellence alone attained an *unpurchased pre-eminence* which pronounces them unequaled. Their

TONE

combines great power, sweetness and fine singing quality, as well as great purity of Intonation, and evenness throughout the entire scale. Their

TOUCH

is pliant and elastic, and entirely free from the stiffness found in so many Pianos. In

WORKMANSHIP

they are unequaled, using none but the very best *seasoned material*, the large capital employed in our business enabling us to keep continually an immense stock of lumber, &c., on hand.

Our SQUARE PIANOS have our New Improved Overstrung Scale and the AGRAFFE TREBLE.

We would call special attention to our late improvements in

GRAND PIANOS AND SQUARE GRANDS,
Patented August 14, 1866,

which bring the Piano nearer perfection than has yet been attained.

Every Piano fully Warranted for Five Years.

TRY THE

Star Bone Phosphate.

TO all agriculturists, therefore, who are in search of an active and permanent manure, and who have by the claims of this article presented to their notice for the first time, the manufacturers would suggest, that the

is worthy of their experimental trial, at least; past experience warranting the fullest confidence, that the experiment will be satisfactory, and that the hundreds of farmers who now regard it as the cheapest and best manure in the market.

is supplied abundantly from the organic portion of the bone.

A Word to the Wise!

HIGHLY IMPORTANT TO FARMERS

Renner's Chemical Fertilizer!

THE importance of a quick, active and durable fertilizer, adapted to the soil of our county, is acknowledged by all Farmers. Having experimented myself, after long study and careful experiment, that I. C. RENNER'S

Chemical Fertilizer

surpasses all others in adaptedness to all kinds of soil. I have purchased the right for Adams county, and am prepared to fill orders for it promptly and on reasonable terms. It is no humbug, but

HAS BEEN SUCCESSFULLY TRIED

by a number of our Farmers, and is admitted by all who have it to be the best in the market, and the cheapest. I am prepared to furnish this Fertilizer in any quantity, and will deliver

In any town or village in the County,

when ordered in not less quantity than a TON. I manufacture it for sale at $50 per ton without bags, or $55 in bags. This fertilizer is composed of the best fertilizing ingredients in a mixture of great value to vitriol; it does not contain any ammonia, therefore I do not use it. Neither do I use lime nor ashes.

THE OBJECT OF THE CHEMICAL FERTILIZER

is to introduce a fertilizer that will last for a series of crops—not only for one. It contains sufficient organic matter to mature the grain and make it ripen early, which the ammonia forces the growth. I would say to manufactures a large supply this winter for the spring crops, and therefore invite farmers and the public generally to give it a trial on all kinds of Grain and Vegetables.

CAUTION.—I hereby give notice that Farm Rights hereafter sold unless signed by me, are infringements on my Right, and will be prosecuted and dealt with according to law, from which there is no appeal.

All orders will be promptly attended to, by addressing
